Engagement Closeout Report

Engagement ID: eng-02

Client: Nordbank Deutschland

Client profile: German commercial bank

Sector / domain: regulatory reporting

Region: DE

Delivered: 2025

Team size: 8 people

Duration: 7 months

1. The Challenge

Manual regulatory reporting to BaFin consumed 3 weeks per quarter and was prone to reconciliation errors.

2. Our Approach

An automated reporting pipeline with lineage tracking and a reconciliation engine, replacing spreadsheet-based assembly.

3. Technology

Python, Airflow, PostgreSQL, dbt

4. Outcomes

- reporting cycle cut from 15 days to 3 days
- reconciliation errors reduced 80%
