Engagement Closeout Report

Engagement ID: eng-04

Client: Anadolu Finans

Client profile: Turkish participation bank

Sector / domain: core banking

Region: TR

Delivered: 2024

Team size: 19 people

Duration: 14 months

1. The Challenge

A FlexCube-based core needed migration to a modern platform without disrupting branch operations.

2. Our Approach

A migration readiness assessment followed by a phased data and contract migration, with a mock environment for parallel testing.

3. Technology

Java, Oracle, Kafka

4. Outcomes

- migration delivered 2 months ahead of schedule
- branch downtime limited to a single weekend
