Engagement Closeout Report

Engagement ID: eng-08

Client: Bosphorus Sigorta

Client profile: Turkish insurer

Sector / domain: document intelligence

Region: TR

Delivered: 2025

Team size: 4 people

Duration: 4 months

1. The Challenge

Policy documents arrived in inconsistent formats, making automated underwriting checks impossible.

2. Our Approach

A document normalisation and extraction service producing a consistent structured policy record.

3. Technology

Python, FastAPI, PostgreSQL

4. Outcomes

- underwriting review time reduced 38%
