Engagement Closeout Report

Engagement ID: eng-12

Client: Thames Mutual

Client profile: UK building society

Sector / domain: data platform

Region: UK

Delivered: 2026

Team size: 3 people

Duration: 2 months

1. The Challenge

Reporting was slow and the society wanted to modernise its analytics stack.

2. Our Approach

An assessment and roadmap for a modern analytics platform, followed by a proof of concept.

3. Technology

Python, Snowflake

4. Outcomes

The engagement concluded successfully and the client was satisfied with the roadmap delivered.
